Epilepsy 20 Years. Cured by Dr. Miles' Nervine.

A few years ago, Mr. L. W. Gallaber, was an extensive, successful expert manufacturer of lumber products. Attacked with epilepsy, he was obliged to give up his busi-ness. The attacks came upon him most inopportunely. One time falling from a carri-age, at another down stairs, and often in the street. Once he fell down a shaft in the mill, his injuries nearly proving fatal. Mr. Gallaher writes from Milwaukee, Feb. 16, '85.

There are none more iniserable than epi-leptics. For 20 years I suffered with epilep-tic fits, having as high as five in one night. I iscrable than epitried any number of physicians, paying to one alone, a fee of \$500.00 and have done one atone, h tee of section and have done little for years but search for something to help me, and have taken all the leading remedies, but received no benefit. A year ago my son, Chas. S. Gelinher, drug-ist at 191 feed St., Milwaukoe, gave on Dr. Miles' Bestorative Nervine, and I tried it with gratifying results. Have had but two fits since I began taking it. I am better now in every way than I have been in 22 years."
